### Destiny 15.0 Features

Welcome to Destiny® v15.0. This new version incorporates many of your suggestions, and we're confident you'll find the enhanced features and functions meet your needs. We continue to move our customers towards the best search interface for students and teachers, built for today's devices.

Destiny v15.0 features available in Destiny® Library Manager™ and Destiny® Resource Manager™ keep Destiny current with technical, library and market trends, including:

- Collections by Destiny®
- Destiny Analytics
- Support for SQL Server 2016 and Windows Server 2016
- Additional email addresses
- Visual interface improvements
- Ability to hide patron barcodes on check-in and check-out functions
- Easier navigation and identification for users associated with multiple sites
- Improved Destiny Admin user security

We know you'll want to start using these and other enhancements right away.

**Important:** To update to the latest version of Destiny, you must be on Destiny v12.0 or later. If you have a version of Destiny earlier than v12.0, you must first update to Destiny v12.0 before you can update to v15.0.

**Note:** Some Destiny Discover features will not be completely visible to customers, who have earlier versions of the software installed, until they upgrade to Destiny v15.0.

This document has been updated to include auto-updates to Destiny v15.0, including updates to Destiny Discover. Features added as part of the August 2017 Destiny update are identified by .

### Destiny Admin Access Available to Multiple Named Users

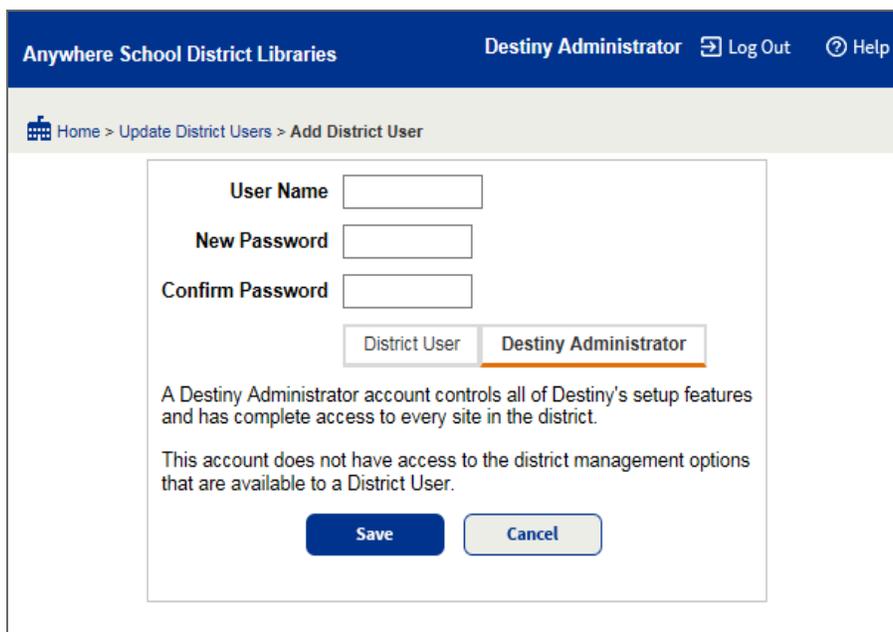

#### Feature Description

You can now give multiple users with unique usernames Destiny Admin access. This means that any changes made can be traced back to a specific user, thereby improving security.

#### Feature Information

##### To set up Destiny Admin access for multiple users:

1. Log in as a Destiny Admin.
2. Select **Setup > Users**.
3. Next to Destiny Administrator, click  .
4. Click the **Destiny Administrator** tab.

The screenshot shows the 'Add District User' form in the Destiny Administrator interface. The form is titled 'Anywhere School District Libraries' and 'Destiny Administrator'. It includes a 'Log Out' button and a 'Help' icon. The breadcrumb trail is 'Home > Update District Users > Add District User'. The form contains three input fields: 'User Name', 'New Password', and 'Confirm Password'. Below these fields are two tabs: 'District User' and 'Destiny Administrator', with the 'Destiny Administrator' tab selected. Below the tabs, there is a warning message: 'A Destiny Administrator account controls all of Destiny's setup features and has complete access to every site in the district. This account does not have access to the district management options that are available to a District User.' At the bottom of the form are 'Save' and 'Cancel' buttons.

5. For the first person you want to give Destiny Admin access to, enter information in the **User Name**, **New Password** and **Confirm Password** fields.
6. Click **Save**.
7. Repeat steps 3–6 for each user you want to give Destiny Admin access to.

### Hide Patron Barcode on Checkin and Checkout

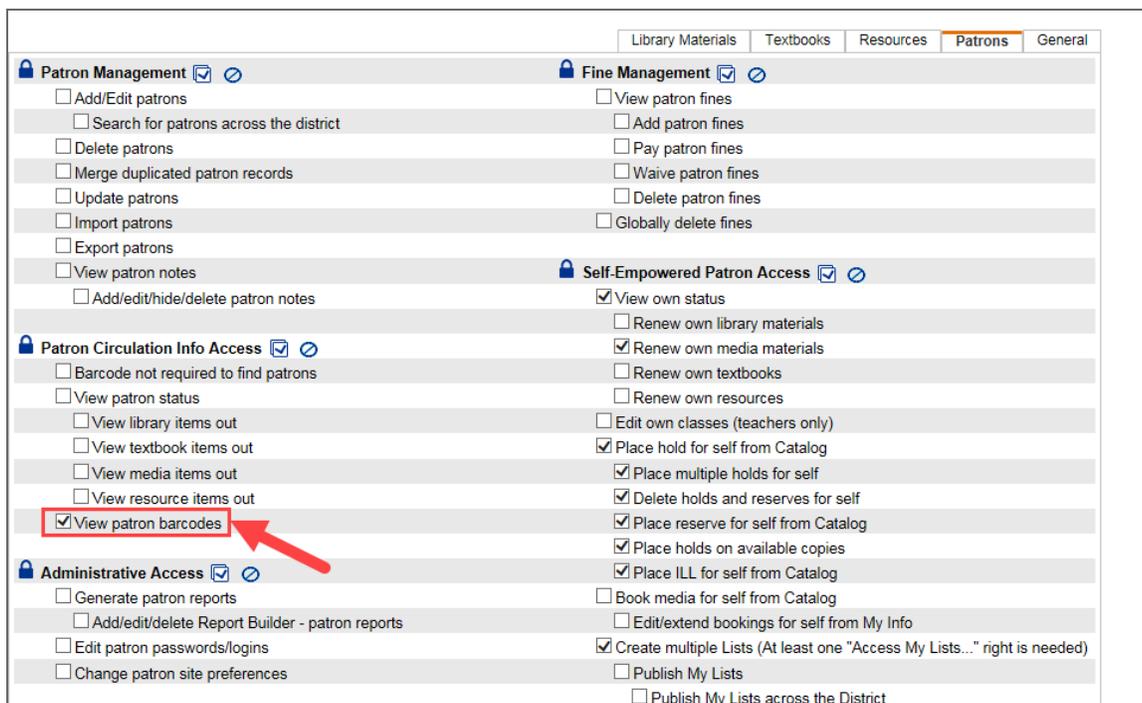

#### Feature Description

A new "View patron barcodes" permission lets you restrict who can view a patron's barcode when searching for a patron, and checking materials in and out of your library. Some districts use the student's ID number as the barcode number. For security reasons, they do not want all users to have access to this information.

#### Feature Information

**To hide or show patron barcode during check-in and check-out circulation functions:**

1. Select **Back Office > Access Levels**.
2. For the access level you want to update, click .
3. Click the **Patrons** subtab.
4. Go to the **Patron Circulation Info Access** section.
5. At **View patron barcodes**, do either of the following:
  - Deselect this checkbox to hide patron barcodes.
  - Select this checkbox to display patron barcodes.

### Additional Patron Email Addresses

#### Feature Description

Destiny now supports three additional email fields, for a total of five email addresses per patron record. You can customize the name of each email address field locally at an individual school, or push it from the district level to provide easier maintenance for several school locations.

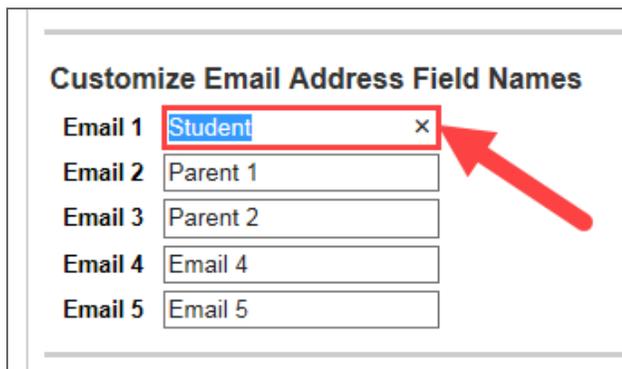

The additional email fields are also supported in:

- Patron Import Converter
- Update Patron XML
- Analytics
- Reports–Notices (Overdue and Hold)
- Patron Status

#### Feature Information

##### To customize email address field names:

1. After you log in to a school, go to **Back Office > Site Configuration > Circulation > Customize Email Field Names**.

### Changes to Access Levels

#### Feature Description

In prior versions, only the Administrator could assign and maintain access levels. Destiny now lets the Administrator give an access level the ability to see and set the rights for other users. Through the access level, you can specify which of the access level subtabs the user can manage.

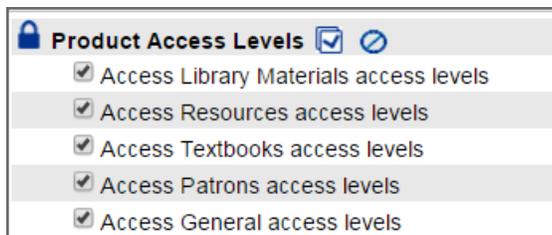

For example, the Administrator (Site Admin) can turn on the ability to "Access Library Materials access levels" for the Library Administrator. This allows any patron with Library Administrator rights to access **Back Office > Access Levels** and change access levels on the Library Materials tab for other users.

#### Feature Information

To give an access level access to the various product access level permissions, do the following:

If you want to...	Then...
Enable the permissions from the district	<ol style="list-style-type: none"> <li>1. Log in as the Destiny Administrator.</li> <li>2. Go to <b>Setup &gt; District Options</b>.</li> <li>3. Next to <b>Access Levels</b>, click <b>Edit</b>.</li> <li>4. Next to an access level, click .</li> </ol>
Enable the permissions from the site	<ol style="list-style-type: none"> <li>1. Log in as a site-level Administrator.</li> <li>2. Go to <b>Back Office &gt; Access Levels</b>.</li> <li>3. Next to an access level, click .</li> </ol>

On the **General** subtab, select the appropriate Product Access Levels.

**Note:** The Destiny Admin is the only role who can change Administrator rights.

### Support for Users Associated with Multiple Sites

#### Feature Description

Users associated with more than one site now see an icon next to their primary site and can easily switch between sites.

#### Feature Information

To view all sites associated with a patron:

1. Go to **Back Office > Manage Patrons**.
2. In the **Find** field, enter a patron name.
3. Click **Search**.

The screenshot shows the 'Manage Patrons' interface in Follett Destiny. The top navigation bar includes 'Follett Destiny', 'George Washington High School' with a gear icon, 'Reggie Givan', 'Log Out', 'Help', 'Shop', and 'Community'. Below this is a secondary navigation bar with 'Home', 'Dashboard', 'Catalog', 'Circulation', 'Reports', 'Back Office' (highlighted), and 'My Info'. A 'Messages' icon is also present. The main content area is titled 'Manage Patrons' and includes a search form with a 'Find' field containing 'Givan', an 'in' dropdown set to 'All', and a 'Search' button. There are checkboxes for 'Search across the district' and 'Only Active Patrons'. A 'Nonexistent? Add New Patron' button and a 'Printable' button are also visible. Below the search results, it says 'Searched All for "Givan"' and 'Patrons: 1 - 1 of 1'. A 'Sort By' dropdown is set to 'Last Name' with a 'Go' button. The results table shows 'Givan, Reggie (Givan)' with a 'Patron Status' button, 'Edit', and 'Delete' buttons. Two sites are listed: 'George Washington High School (Hidden) Faculty' with a red house icon, and 'Andrew Jackson High School (Hidden) Faculty' with a blue location pin icon. A legend at the bottom indicates that a red house icon represents the 'Primary Site' and a blue location pin icon represents an 'Additional Site'.

**Note:** Destiny displays a patron's primary site with a red 🏠 and additional sites with a blue 📍.

#### To switch between sites:

A user associated with more than one site will see ⚙️ next to their school name in the page header.

1. Next to your school name, click ⚙️.

The screenshot shows the top navigation bar of the Follett Destiny interface. It includes 'Follett Destiny', 'George Washington High School' with a gear icon, 'Reggie Givan', 'Log Out', 'Help', 'Shop', and 'Community'. ### Weeding Log Report Available in Microsoft Excel

#### Feature Description

In the past, the Weeding Log could only be run and exported as a PDF file. Now you can also run it as an Excel file.

#### Feature Information

To create a Weeding Log report as an Excel file:

1. Go to **Reports > Library Reports > Weeding Log**.

2. In the **From** field, type or select a start date.
3. In the **to** field, type or select an end date.
4. In the **Output as** field, select **Microsoft Excel**.
5. Click **Run Report > Refresh List > View**.

The Weeding Log report displays as a Microsoft Excel file.

The screenshot shows a Microsoft Excel spreadsheet titled 'WeedingLogReportJob631051'. The spreadsheet contains a list of weeding log entries with the following columns: Deleted Date, Title, Author, Standard Number, Published, Call Number, Barcode, Price, Currency, Acquisition, and Removed Status. The data includes entries for 'The encyclopedia Americana' and 'Cavin and Hobbes'.

## Destiny Discover

### Patron Ratings and Reviews

#### Feature Description

Now, patrons can enter ratings and reviews for all materials in Destiny Discover. They can also filter search results by average star rating.

**Note:** Destiny Admins determine if ratings, descriptions, digital upload files and approval for reviews are required. They also approve, edit or delete reviews, when needed.

#### Feature Information

With these added features, Destiny Discover and Destiny Classic/Quest now have comparable functionality:

- Existing review functions in Classic/Quest are unchanged.
- Any reviews entered in Classic/Quest are automatically uploaded to Destiny Discover daily.

Ratings and reviews can now be used for material types other than Follett Digital titles:

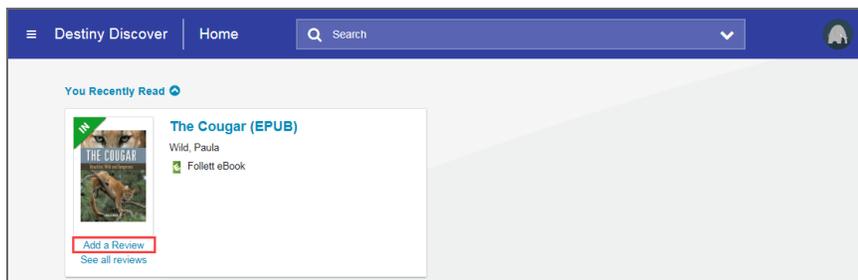

- After performing a district search, users can add ratings and reviews to titles that are not at their local site.
- Users can add ratings and reviews to titles that are not Follett Digital material.

**Note:** Reviews entered in Destiny Discover are not available in Classic/Quest.

#### Adding Reviews

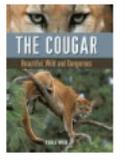

##### To add a single or multiple reviews:

1. Find and select the title that you want to review.

2. On the Title Details page, under the cover image, click **Add a Review**. The "Add Review" pop-up appears.

3. Select the desired number of stars for rating (One to five, with five being the highest).

- One star: **I don't recommend it**
- Two stars: **I don't like it**
- Three stars: **It's okay**
- Four stars: **I like it**
- Five stars: **I love it**

4. In the **Review Comments** field, type your comments (up to 2,000 characters).

5. In the **Digital Review Title** field, type the content title name.

6. In the **Digital Review URL** field, type the URL (if applicable).

7. Click **Submit Review**.

8. To add multiple reviews to a title, repeat steps 1–7.

**Notes:** Patrons can add one review per title. Only users with the role of Administrator can add multiple reviews to a title.

## Reading Reviews

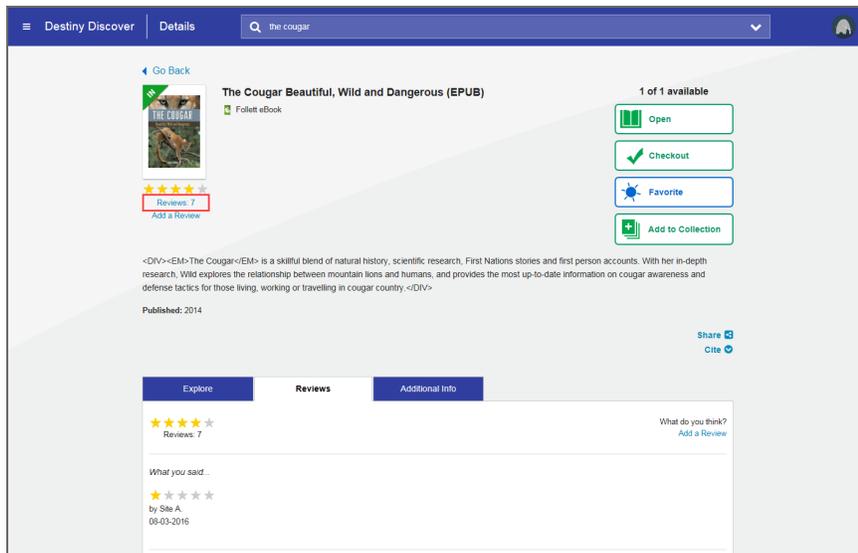

**To read a review for a title:**

## What's New in Destiny 15.0

1. Log in to Destiny Discover.
2. Click on a desired title.

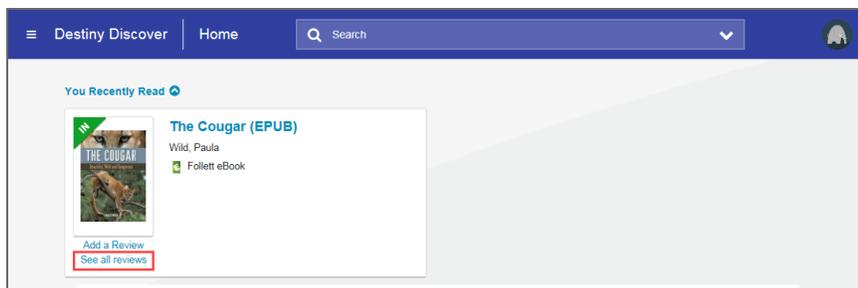

The number of reviews the title has appears beneath the cover image and star rating. If the title has no reviews, the number zero appears (for example, Reviews: 0)

3. Click the "number of reviews" link (in this example, Reviews: 7) to see all existing reviews for that title.

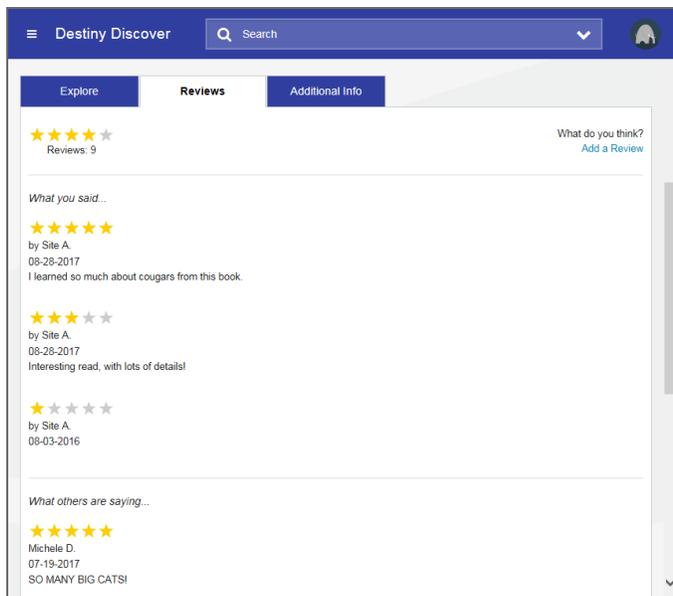

### To see all reviews for a title:

- Under the cover image, click **See all reviews**.

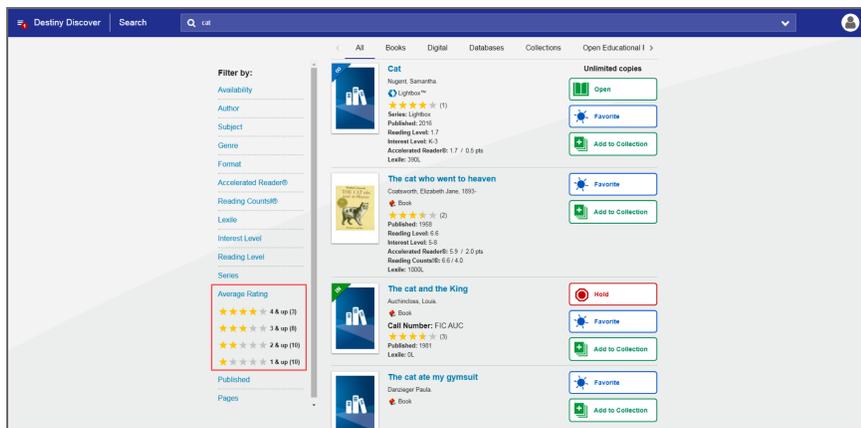

**Note:** Multiple reviews appear in a list. Yours are at the top, followed by reviews from other patrons—in chronological order.

# What's New in Destiny 15.0

## To view the average filter rating:

1. In the search bar, type a topic name or subject (example: cat).
2. Under **Filter by:**, click **Average Rating**.
3. Select the desired average rating that you want to view, ranging from **1 & up** to **4 & up**. All materials with the average rating you selected appear.

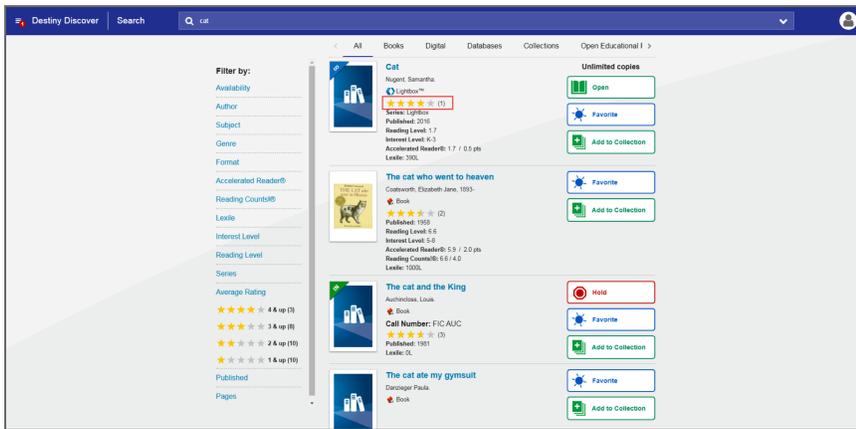

## Ratings in a search result list

Titles on the search results list now display a star rating with the number of ratings (reviews) on the side. Hovering over the star rating with your cursor displays the rating for the digital content.

The rating star's scale is 1 to 5, with 5 being the highest. The scale can also appear in fractional increments (example, 4.2 out of 5).

## Collections by Destiny

### Share a Collection with a Collaborator

#### Feature Description

You can invite colleagues, friends or anyone to view and collaborate on your collection. And, you can collaborate on collections that others have shared with you.

When you share your collection with collaborators, any items they add appear in your collection. As the owner, you can remove the items if you want.

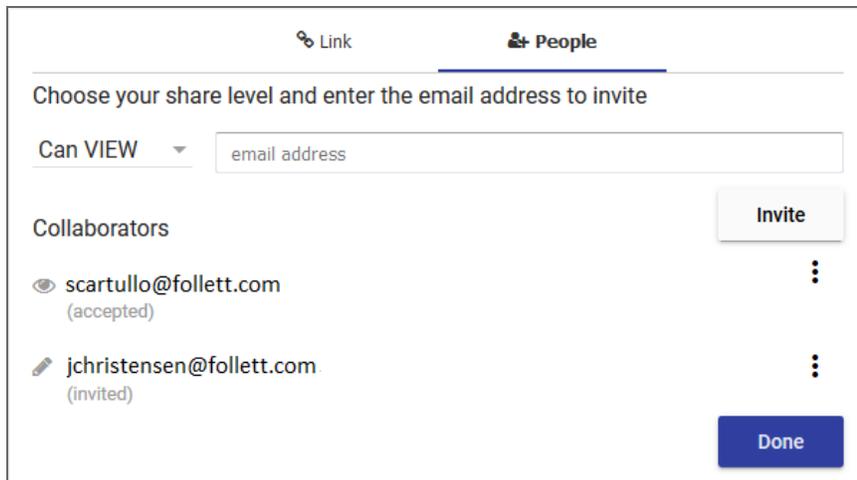

#### Notes:

- You can only share a collection if you own it. You must copy a collection before you can share it.
- If multiple people are collaborating on a collection,  appears in the collection's header on the Collections homepage and when you open the collection.
- If your collection's visibility is set to **Your School, District** or **Public**, you can still share it privately with collaborators. Only the people you ask to collaborate can add items to it.

#### Feature Information

##### To send a share invitation:

1. From the Collections homepage, under the **Private** tab, select the collection you want to share.
2. On the collection image, click .
3. Select the **People** tab.

The screenshot shows the 'People' tab of the share invitation interface. At the top, there are two tabs: 'Link' and 'People', with 'People' selected. Below the tabs, the text reads 'Choose your share level and enter the email address to invite'. There is a dropdown menu set to 'Can VIEW' and an input field for 'email address'. Below this, there is a list of collaborators. The first entry is 'scartullo@follett.com' with an eye icon and '(accepted)'. The second entry is 'jchristensen@follett.com' with a pencil icon and '(invited)'. To the right of each entry is a vertical ellipsis menu. At the top right of the list is an 'Invite' button, and at the bottom right is a 'Done' button.

4. Use the drop-down to choose your share level:
  - **Can VIEW**: Collaborators can only view your collection.
  - **Can EDIT**: Collaborators can view and edit your collection.
5. Next to the drop-down, type the email address of the person you want to share your collection with, and then click **Invite**. The collaborator automatically receives an email invitation to your collection.
6. Repeat steps 4 and 5 for each collaborator you want to invite.

## What's New in Destiny 15.0

**Note:** It is recommended that you enter each collaborator's email address one at a time. If you group multiple email addresses in one invitation, you can only change the share level for the entire group.

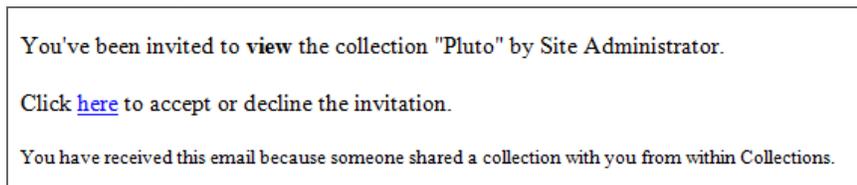

7. Click **Done** to return to your collection.

### Notes:

- When you send an email invitation, a status appears below the collaborator's name. It says *pending*, *invited*, *accepted* or *declined*.
- Click  to change the share level, resend or delete the invite. You can change the share level for each individual collaborator.
- Return to the Share Collection page to see who accepted or declined your invitation.

### To accept or decline a share invitation:

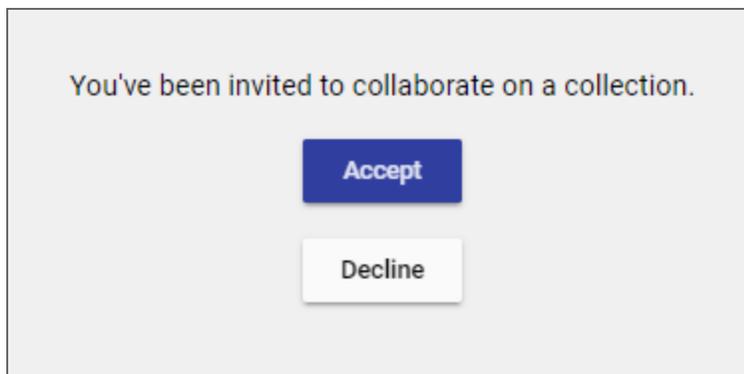

1. In the email you received, click the link.

2. Do one of the following:

- If you are already logged in to Destiny Discover, a message lets you know that you have been invited to collaborate on a collection.
- If you are not logged in to Destiny Discover, fill in your information, and then click **GO!**

3. On the Collections homepage, click **Accept** or **Decline**, depending on your desired action.

### Notes:

- When you accept an invitation to collaborate, the collection appears under your **Private** tab.
- If you decline an invitation by accident, you can go back to the email link and accept it.
- As a collaborator, you can only edit the collection or its items. You do not have share or visibility permissions.

### To view the collaborator(s) of a collection:

## What's New in Destiny 15.0

1. From the Collections homepage, select any collection with  in the collection's header.
2. Under the collection image, next to the owner's name, click . The name of the collaborator(s) appears.
3. Click a collaborator's name to view the **People** tab on the Share Collection page.

### Notes:

- A collaborator's name is only clickable if you are the owner of the collection.
- If a collaborator has view-only permissions, the  icon appears next to their name. If a collaborator has edit permissions, the  icon appears.

#### Upload a Document

##### Feature Description

You can upload documents from Google Drive™ or Microsoft® , and add them to your collection. From the Collections homepage, under the **Private** tab, do one of the following:

- If you are creating a collection, click **Add an Item**.
- If you want to add a document to an existing collection, open that collection, and then click  on the right.

##### Notes:

- You have to set up your own Google Drive or Microsoft OneDrive account to upload items to your collection. The first time you upload an item, you will get an authentication message from Google or Microsoft.
- Collections does not set the sharing options for Google or OneDrive documents. You must set your document's sharing permissions in the appropriate platform before you upload it.

##### Feature Information

###### To upload a Google Drive document:

1. Select **Upload > Google Drive**. Your Google Drive picker appears.
2. Select the file you want to upload, and then click **Select**.

**Note:** If you want to select a file from one of your folders, click the Google Drive tab. You cannot create Google Drive folders in Collections—they have to already exist.

#### Set Access Levels and Roles

##### Feature Description

Destiny administrators and site administrators can set Destiny access levels and Collections roles. Assigning appropriate access levels ensures that users have access to the features they need in Destiny. In addition, roles determine what actions users can perform in Collections, such as the visibility options they can choose for displaying their collection.

**Note:** Collections roles are assigned to a Destiny access level. The following table matches the Destiny default access level to the Collections role. New access levels and existing custom levels default to the Student role.

### Support for New Lexile Beginning Reader Measures

#### Feature Description

Lexile measures are now more precise for K–2 content to better match readers to text. The search functionality in Destiny Classic and Destiny Discover supports searching for the new Lexile Beginning Reader (BR) values.

#### Feature Information

The Beginning Reader search functionality has been modified. When users enter their Lexile measure or score, a range is calculated. For more information from MetaMetrics on the Beginning Reader Lexile measure changes, go to [www.lexile.com/beginning-readers](http://www.lexile.com/beginning-readers).

**Note:** The Lexile Reading Program Service has also been updated to ensure it can populate BR values into customer databases.

#### To search using a Lexile measure for a Beginning Reader:

1. Go to **Catalog > Library Search > Basic**.

The screenshot shows the 'Library Search' interface with the 'Basic' tab selected. The search criteria are as follows:

- Location:  George Washington High School
- District Media Collection:
- Material Type: Any Type
- Award Winner: Unlimited
- Reading Level: From [ ] to [ ]
- Interest Level: From Unlimited to Unlimited
- Reading Programs: Lexile
- Lexile Measure: BR100 L
- Range: BR200 L to BR50 L

2. In the **Reading Programs** drop-down, select **Lexile**.
3. In the **Lexile Measure** field, type the desired Lexile number (such as BR100).

**Note:** A **Range** is automatically calculated 100 points from the low end (BR200) and 50 points from the high end (BR50) of the Lexile measure you entered (BR100).

4. Click **Keyword** to see the available resources.

### Support for Latest MARC Updates

#### Feature Description

Destiny 15.0 contains a number of improvements for catalogers, including new MARC tags and additional Update Titles improvements.

#### Feature Information

##### New MARC tag numbers:

Two new MARC tags are now available in Destiny—tag numbers 647 (Subject named event) and 885 (Matching Info)—with valid subfields included.

##### Deleting a tag in MARC Editor:

Now when deleting a tag in the MARC Editor, your position on the page is maintained—no scrolling is needed to return to your location.

##### Updating titles:

Go to **Catalog > Update Titles > Update.**

**Author** view now shows three additional **Change it to** fields, for a total of six.

## Destiny Library Manager

### Improved Integration with Titlewave

#### Feature Description

Destiny now supports multiple individual Titlewave accounts for each school.

**Note:** Access to Titlewave features in Destiny requires the Destiny access level permission, "Access to Titlewave."

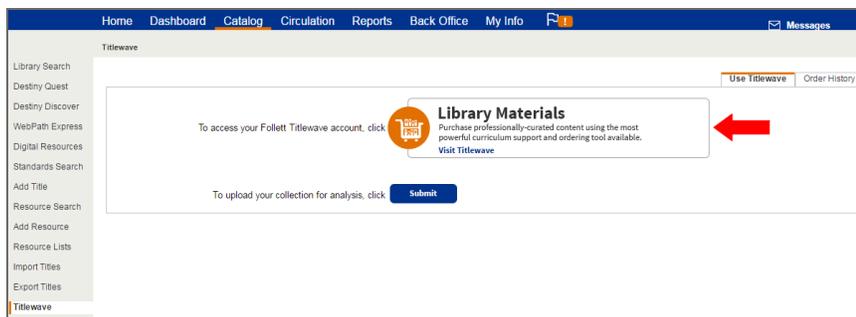

#### Feature Information

If you have multiple Titlewave users for the same school, they all have access to the same information when they go to **Catalog > Titlewave**, and then:

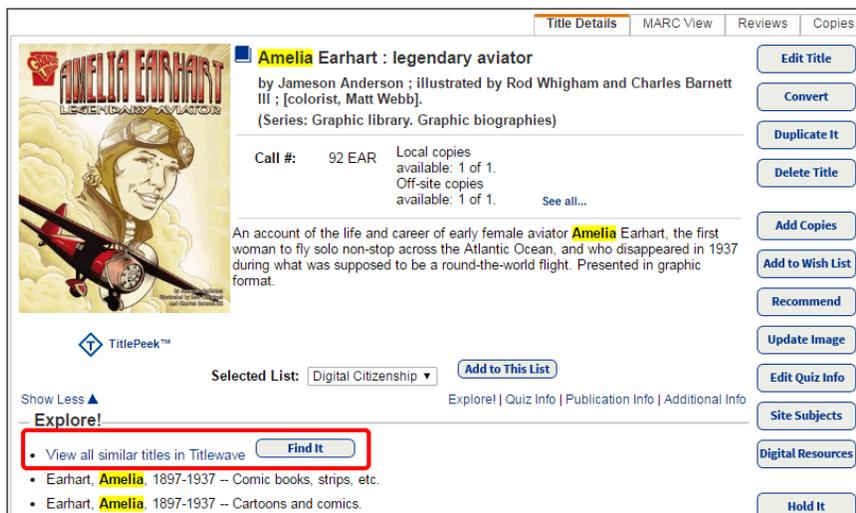

- Submit the collection for Titlewise analysis
- Access Order History functions

If a user with access to Titlewave from Destiny visits either of the following for the first time, they will be prompted to log in to Titlewave (if they have not done so previously):

- **Catalog > Titlewave > Library Materials**

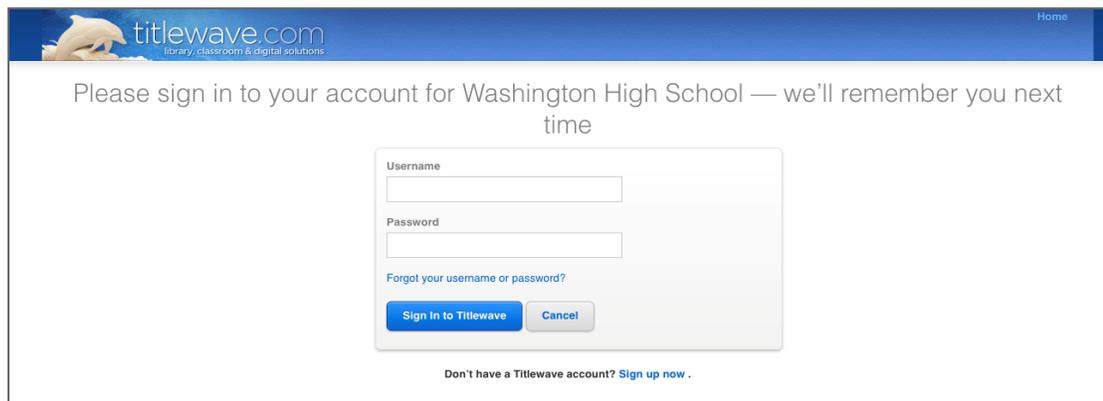

- **Title Details > View all similar titles in Titlewave link**

## What's New in Destiny 15.0

When you are prompted to log in, type your Titlewave username and password, and then click **Sign In to Titlewave**.

**Note:** If you do not have a Titlewave account, you can sign up for one by clicking the **Sign up now** link.

The screenshot shows the Titlewave login interface. At the top left is the Titlewave logo with the tagline "library, classroom & digital solutions". At the top right is a "Home" link. The main heading reads "Please sign in to your account for Washington High School — we'll remember you next time". Below this is a login form with two input fields: "Username" and "Password". Under the password field is a link that says "Forgot your username or password?". At the bottom of the form are two buttons: "Sign In to Titlewave" (in blue) and "Cancel" (in grey). Below the form is a link that says "Don't have a Titlewave account? Sign up now .".

After you log in once, the next time you log into Destiny, you will still be logged in to Titlewave.

### Show Reading Program Information for Follett eBooks

#### Feature Description

Previously, accelerated reader data was removed from the MARC record and was not shown in Destiny. Now in Destiny 15.0, Accelerated Reader® information appears for Follett eBooks in the Title Details.

#### Feature Information

When searching for an eBook, the Accelerated Reader® information is now retained and appears in the Quiz Info section of Title Details.

The screenshot displays the Destiny Library Manager interface for a search result titled "Rental - Bones : [electronic resource] the skeletal system" by Gillian Houghton. The "Quiz Info" section is expanded, showing "Accelerated Reader®" information. A red box highlights the "Accelerated Reader®" label, and a red arrow points to it. The "Quiz Info" section also displays the Quiz Number (110302EN), Reading level (4.7), Points (0.5 pts), and Interest level (LG). The interface includes a navigation menu on the left, a top navigation bar, and a main content area with tabs for "Title Details", "MARC View", and "Copies".

## Destiny Discover

### Additional Options for Returning Downloaded Follett eBooks

#### Feature Description

Previously, if you downloaded a Follett eBook to a device, the only way to return it was from within the open eBook. With Destiny 15.0, you can return a downloaded Follett eBook from:

- Any device (not just the one you downloaded it to).
- Any of the following locations in Destiny Discover: an open eBook, search results, Title Details and Your Checkouts.

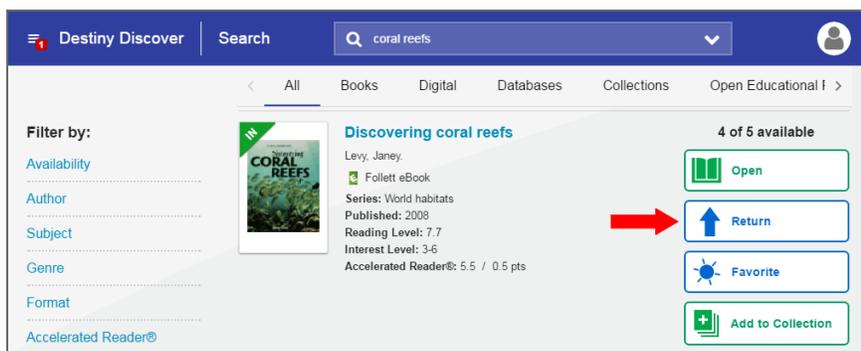

#### Feature Information

There are now four ways to return a downloaded Follett eBook (from the device you downloaded it on):

- **An open eBook:** Click **Book > Return Title**.

- **Search results:** Click **Return**.

## ■ Title Details: Click **Return**.

The screenshot shows the 'Destiny Discover' interface with a search bar containing 'coral reefs'. The main content area displays the book 'Discovering coral reefs' by Janey Levy, a Follett eBook. The book cover is on the left, and the title and author information are to its right. Below the title, there are five stars and the text 'Reviews: 2' and 'Add a Review'. To the right of the book information, there are four buttons: 'Open', 'Return', 'Favorite', and 'Add to Collection'. A red arrow points to the 'Return' button. Above the buttons, it says '4 of 5 available'. At the bottom of the card, there is a description: 'Explains what a coral reef is, looks at the plants and animals of coral reefs, shows where they are located in the world, explains the process of symbiosis, profiles Australia's Great Barrier Reef, and discusses what is being done to protect coral reefsystems.' Below the description, it says 'Series: World habitats' and 'Accelerated Reader®'.

## ■ Your Checkouts: Click **Return**.

The screenshot shows the 'Destiny Discover' interface with the 'Checkouts' tab selected. The search bar is empty. The main content area displays 'Bookbag: My Checkouts (2)'. Below this, there is a card for the book 'Discovering Coral Reefs' by Levy, Janey, a Follett eBook. The due date is listed as 'Due: June 20, 2017'. To the right of the book information, there are two buttons: 'Open' and 'Return'. A red arrow points to the 'Return' button.

### Collections by Destiny

#### Overview of Collections by Destiny

##### Feature Description

Collections by Destiny® creates new, collaborative ways to share free or purchased resources—with anyone, at any time. Each collection can include webpages, videos, documents and much more!

It's easy to share collections publicly, within your district/school or with only a few people. Or, keep them just for you. Collections help reduce instructional planning and research time, maximize visibility and usage of your educational resources, and encourage deeper learning inside and outside the classroom.

##### Feature Information

Collections is where librarians, teachers and curriculum staff save and organize resources. You can create a collection for anything, and there is no limit to how many collections you can create in a single Destiny account. Share them with Destiny and non-Destiny users.

##### Requirements:

- Destiny v15.0 (included with Destiny renewal)
- If you do not have a Destiny login and password, you can still view a collection someone shares with you via a link.

Collections is available for both the desktop and mobile versions of Destiny. It works on any device or browser, and is also accessible through the Destiny Discover mobile app!

##### To access Collections:

1. Go to [destinydiscover.com](http://destinydiscover.com).
2. Select your location from the drop-down, and then type your school name in the field.

**Note:** By default, your school name may already appear on the screen.

3. Click **Go!**
4. On the Destiny Discover homepage, click **Log In**.
5. Type your username and password, and then click **Submit**.
6. Do one of the following:

- In the top-left corner, select  > **Collections**.
- On the Collections ribbon, select the collection you want to view, or click **See all**.

##### Note:

- You can also access Collections from the Destiny Classic homepage by selecting **Catalog > Destiny Discover**.

##### To create a collection:

1. From the Collections homepage, select **Private > Create a Collection**.

**Note:** You cannot create a collection from the **Public** tab.

A workflow walks you through the details.

The screenshot shows a three-step workflow for creating a collection. Step 1, 'Title/Description', is active. It contains a title field with the text 'Outer Space', a description field with the text 'Outer space is the physical universe beyond the earth's atmosphere.', and a visibility section with four radio button options: 'Private' (selected), 'Your School', 'District', and 'Public'. The form also includes 'Cancel', 'Continue', and 'Create' buttons.

For Step 1, Title/Description, do the following:

- Enter a **Title** for this collection. The title appears on the Collections homepage and when you open the collection. This field is required.
- Enter a **Description** for this collection. The description appears only when you open the collection. This field is optional.
- Select the **Visibility** for this collection. The default visibility is Private, but you can make the collection available to others in your school or district, or anyone you choose.

### Notes:

- Some of the visibility options might not be available to you, depending on your user role.
- If you select **Your School**, only people at your school can see your collection.
- If you select **District**, only people in your school district can see your collection.
- If you select **Public**, anyone can see your collection.

2. When you are done with Step 1, do one of the following:

- Click **Create**. Once you have created a collection, you can save resources to it.
- Click **Grade/Subject** or **Continue** to add grades, subjects, images and colors.

### Notes:

- Step 2, Grade/Subject and Step 3, Image/Color are optional.
- To exit the workflow, click **Cancel**.

3. For Step 2, Grade/Subject, do the following:

## What's New in Destiny 15.0

- To add grade levels and subjects, click the appropriate tags to select the desired options.
- Click **Create**. Or, click **Image/Color** or **Continue** to move to Step 3.

4. For Step 3, Image/Color, do the following:

- To change the collection image, click  to see an image library, and then click the image you want to appear in your collection.
- To customize the color for your collection, click the corresponding swatch. The color appears in the banner.

5. Click **Create**.

**Note:** If you need to return to the previous step, click  in the top-left corner of the page.

### Transition Utility Allows Blocked T Barcodes

#### Feature Description

In the past, the Textbook Manager to Resource Manager transition blocked Follett T barcodes from being converted. Now you can successfully transition these textbook barcodes to Resource Manager.

#### Feature Information

##### To transition textbooks to Resource Manager:

1. Log in as a Destiny Admin.
2. Select **Setup > District Options**.
3. Next to "Transition to Resource Manager," click **Edit**.

**Note:** If all textbooks have been previously transitioned, the "Transition to Resource Manager" section does not appear.

If you want to...	Then...
Run transition in preview mode	<ol style="list-style-type: none"> <li>a. Click <b>Run transition in preview mode</b>.</li> <li>b. Click <b>Go</b>.</li> <li>c. Type district administrator's password.</li> <li>d. Click <b>OK &gt; Yes &gt; Refresh List &gt; View</b>.</li> </ol>
Run transition in full mode	<ol style="list-style-type: none"> <li>a. Click <b>Run transition in full mode</b>.</li> <li>b. Click <b>Go</b>.</li> <li>c. Type district administrator's password.</li> <li>d. Click <b>OK &gt; Yes &gt; Refresh List &gt; View</b>.</li> </ol>

A message lets you know that materials have been successfully transitioned.

## Destiny Resource Manager

### Resource Groups Enhancement

#### Feature Description

Your entire district uses the same resource tree. But, not everyone needs access to the whole thing. And even users who need full access to one part of the tree may only need limited access to another part.

For example, the textbook administrator needs all permissions for textbooks. And because the school uses 1:1 devices, access to circulate technology resources is also needed.

The Destiny Admin and a district user with the right to "Manage Resources for the District" are the only users that can set up resource groups. These groups control which resources an access level can search, view, add, inventory and report on.

#### Feature Information

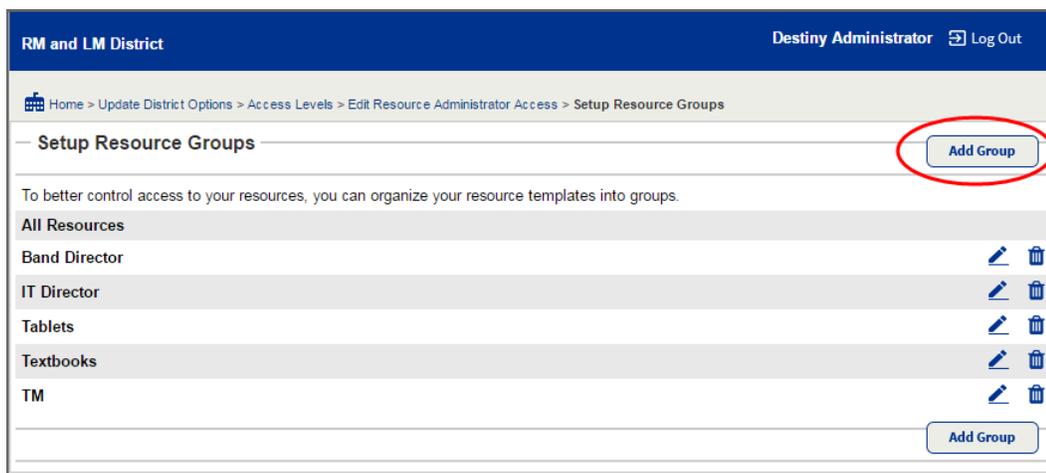

Before you can configure access levels to grant access to one or more resource groups, you have to create these groups:

1. Log in as the Destiny Administrator or a district user.
2. Do one of the following:

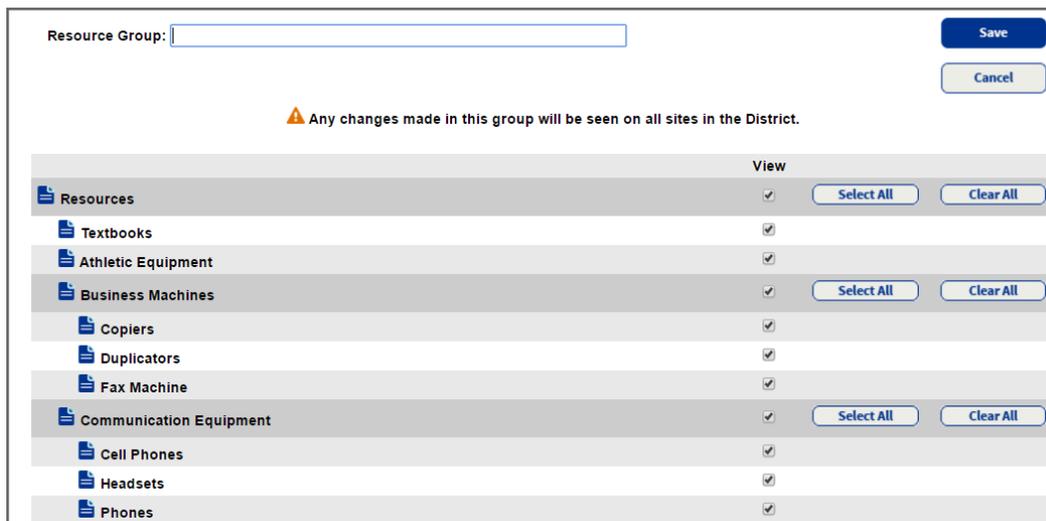

If you want to...	Then...
Set up resource groups as a Destiny Admin	<ol style="list-style-type: none"> <li>a. Go to <b>Setup &gt; District Options</b>.</li> <li>b. Next to <b>Access Levels</b>, click <b>Edit</b>.</li> <li>c. Next to an access level, click .</li> <li>d. On the <b>Resources</b> subtab, click <b>Setup</b>.</li> </ol>
Set up resource groups as a district user with the "Manage Resources for the District" permission	<ol style="list-style-type: none"> <li>a. Select <b>District</b>, and go to <b>Catalog &gt; Add Resource &gt; Edit Templates</b>.</li> <li>b. Scroll to the bottom of the page, and select <b>Template Groups</b>.</li> </ol>

**Note:** The All Resources group can potentially give patrons access to the entire template tree. It is the default group and cannot be edited or deleted.

3. Click **Add Group**.

4. In the **Resource Group** field, type a name for the resource group.
5. In the resource tree, use the checkboxes to select the resources the patrons can view. To select an entire group, click **Select All**; to deselect an entire group, click **Clear All**.

6. Click **Save**.

**Note:** Continue to do this for each resource group you want to create.

After creating resource groups, you can edit access levels and enable permissions for these groups.

1. Log in as the Destiny Administrator or a site-level administrator.
2. Do one of the following:

If you want to...	Then...
Edit access levels as a Destiny Admin	<ol style="list-style-type: none"> <li>a. Go to <b>Setup &gt; District Options</b>.</li> <li>b. Next to <b>Access Levels</b>, click <b>Edit</b>.</li> </ol>
Edit access levels as an Administrator	<ul style="list-style-type: none"> <li>• Go to <b>Back Office &gt; Access Levels</b>.</li> </ul>

3. Next to an access level, click .
4. On the **Resources** subtab, select a resource group from the drop-down.
5. In that column, use the checkboxes to select the appropriate permissions.

**Note:** For users who need access to another part of the tree, select another resource group, and then choose the appropriate permissions.

### Item Level Roll-Up

#### Feature Description

With the ability to show more or less details, district and site users no longer have to scroll through a long list of items when looking for one at a particular site.

#### Feature Information

District users can now group items by site, and then use **Show More** and **Show Less** to control the amount of detail they want to see for items at a site.

The screenshot displays the Destiny Resource Manager interface. At the top, there are navigation tabs: List All Sites, Dashboard, Catalog (selected), Reports, and Back Office. A search bar shows 'Resource Search > Search Results > "Apple Mac Book Pro"'. On the left is a sidebar with 'Resource Search' and various management options. The main content area shows the search results for 'Apple Mac Book Pro'. It includes a 'Group by: Site' dropdown menu. Below this, a table lists sites and their available items:

Site	Available Items	Action
Abraham Lincoln Elementary School	0 of 4 available	Show Less ▲
Administration Office/Warehouse	8 of 8 available	Show More ▼
Andrew Jackson High School	0 of 7 available	Show More ▼
George Washington High School	6 of 15 available	Show More ▼
James Madison Elementary School	0 of 4 available	Show More ▼
James Monroe Middle School	1 of 6 available	Show More ▼
Thomas Jefferson Middle School	0 of 6 available	Show More ▼

Below the site summary, there is a section for 'Items with barcodes' with a table of individual items:

Barcode (Serial Number)	Status	Condition	Home Location	Actions

## Destiny Resource Manager

### Class Schedule Enhancement

#### Feature Description

In Destiny Resource Manager 15.0, resources—including textbooks—now correctly link to the appropriate class schedule sections. Also, with the update, Destiny displays the data on the Update Classes pages differently.

#### Feature Information

Along with correcting links to the appropriate class schedule sections, Destiny now automatically build links when new textbook and resource associations are made to a class section with existing checkouts. This means when an item is checked out, the associated class and teacher appear.

In addition, a single checkout count is now split to two separate counts. District users can see how many copies/items are checked out to a teacher and to the students. This eliminates the need for batch files outside of Destiny to manipulate the data. The 15.0 upgrade automatically deactivates these batch files.

#### **T Barcodes—Search and Inventory**

##### **Feature Description**

Now in Destiny 15.0, barcodes that use the Follett Classic T symbology are recognized when performing a barcode search, accounting for barcodes during an inventory, and during checkout/checkin.

##### **Feature Information**

To address the issue of not finding an exact match for a scanned or typed barcode, Destiny 15.0 now performs additional searches based on the scanned data in the following order:

1. Exact match: Searches for the precise match of the scanned number
2. X+barcode: If an exact match is not found, an "X" is added to the beginning of the original scanned number
3. T+barcode: If X+barcode is not found, a "T" is added to the beginning of the original scanned number

If none of the above produces a match, Destiny displays "Item not found."

### Purchase Price Update

#### Feature Description

In Destiny 14.5, an update was made to show an item's replacement price on the Current Checkouts/Fines report–PDF output. With 15.0, you can find the price of an item in the Excel output and a few more locations.

#### Feature Information

When creating the report, make sure to select **Price of checked out/overdue materials** for the price to appear.

The price of an item has been added to the Current Checkouts/Fines report–Excel output and also Current Checkouts/Fines notices.

## **Destiny Analytics**

### Destiny Analytics

#### Overview of Destiny Analytics

##### Feature Description

The world at large is driven by big data—and the education space is no different. Destiny Analytics lets you analyze, visualize and leverage the data generated in Destiny® Resource Manager™ and Destiny Library Manager™.

Make educated, fact-based decisions that promote efficiency and effectiveness in managing learning resources. Destiny Analytics is accessible from anywhere, at any time, on any device with a browser and Internet connection.

Analytics is an optional add-on for Resource Manager and Library Manager. Contact Follett for more information.

##### Feature Information

Here are just a few ways you can use Destiny Analytics:

- Drill down and investigate how many books were lost by school, title or subject
- Calculate the cost of all learning resources for a particular class subject or section
- Compare complex ratios, like repair costs for music instruments per student
- Illustrate and visualize how funding has been spent by school, subject or student type
- Correlate databases or resources to assessment scores

##### Visibility

Use Destiny Analytics for site-level and district-level reporting. Leverage your existing access levels to view library, resource and patron data.

##### Predefined Analyses and Interactive Dashboards

Destiny Analytics contains both predefined analyses and dashboard visualizations at the district and site levels. Use these reports for immediate access to the library, resource and patron data and statistics important to you. Further explore these analytic capabilities by drilling down to see "What's behind the numbers?"

##### Analyzing and Visualizing

Use the Analyzer in Destiny Analytics to create your own analyses and visualizations. This dynamic reporting feature lets you view columnar reports as you build them, and create visualizations and graphs based on your selected data. Save these reports and graphs to your own Visual Gallery.

##### Scheduling and Sharing

In the Analyzer, run saved reports at any time or schedule daily, weekly or monthly reports to email to one or multiple users. Users can create and share reports with any authorized user in their site or district.

##### Exporting

Destiny Analytics exports to .CSV, Excel and .PDF formats.
